TO WHOM IT MAY CONCERN,

This is to confirm that the Company Integra Assessoria em Idiomas (Technical Director: Patrick I. Savatovsky), specialized in the translation of technical literature in the field of CCTV, Access Control, Fire, Intrusion, etc , has been working with us for many years in the translation and desk top publishing of technical literature for our products in Brazilian Portuguese, Spanish and eventually French. The high degree of flexibility and responsibility of this company in meeting the required technical accuracy for our continuously developing technology, as well as the required deadlines is outstanding, and we can warmly recommend this company for any type of technical translation in this field.
